Drive EV Battery & High Voltage System Warranty

What is covered?

Our warranty covers the battery pack and high voltage system for 3 years or 100,000 km, whichever comes first. This warranty is provided by the manufacturer and is not subject to any conditions. The warranty is provided to the original owner and is not transferable.

What is not covered?

The warranty does not cover the battery pack or high voltage system if the vehicle has been involved in a collision, fire, flood, theft, or other event that causes damage to the battery pack or high voltage system. The warranty also does not cover the battery pack or high voltage system if the vehicle has been used for commercial purposes, racing, or other activities that are not intended for the vehicle.
