DRIVE EV
100% Electric Vehicles

Drive EV Battery & High Voltage System Warranty

What is covered?

The warranty covers the battery pack and high voltage system with the vehicle's final charge, under normal AC and DC charging systems. All other AC and DC charging cables are not covered by this warranty. All other components are covered by the manufacturer's warranty.

What is not covered?

The warranty does not cover the battery pack and high voltage system with the vehicle's final charge, under normal AC and DC charging systems. All other AC and DC charging cables are not covered by this warranty. All other components are covered by the manufacturer's warranty.

How to claim:

The warranty is valid for 3 years or 100,000 km, whichever comes first. The warranty is void if the vehicle is used for commercial purposes or if it is involved in an accident.
