Drive EV Battery & High Voltage System Warranty

What is covered?

The warranty covers the battery pack and high voltage system for the vehicle's useful life, up to 10 years or 100,000 km, whichever comes first. It covers the battery pack and high voltage system, including the battery pack, high voltage cables, and the high voltage control system. It does not cover the battery pack or high voltage system if the vehicle is involved in a collision or fire, or if the battery pack or high voltage system is damaged by misuse or neglect.
