Drive EV Battery & High Voltage System Warranty

What is covered?

The warranty covers the battery pack and high voltage system for the vehicle's full design, useful lifetime. All EVs have systems that are subject to the same government safety standards as petrol and diesel vehicles. The battery pack and high voltage system are protected by a robust metal casing and are designed to be safe in the event of a crash. The battery pack and high voltage system are also protected by a robust metal casing and are designed to be safe in the event of a crash.
